## Sherlock Holmes...

One snowy night, Sherlock Holmes was in his house sitting by a fire. All of a sudden a snowball came crashing his window, breaking it.

Holmes got up & looked out the window just in time to see 3 neighborhood kids who were brothers run around the corner. Their names were John Crimson, Mark Crimson & Paul Crimson.

The next day Holmes got a note on his door that read “? Crimson. He broke your window.”

*Which of the 3 Crimson brothers should Sherlock question about the incident?*

**Email me if you think you know the answer!**
